

April News

April showers bring us so many fun times with our little learners! Some of our babies celebrated not only a first Easter, but also some first birthdays. Our hope is the weather continues to warm up and get consistent as we want our little ones to enjoy as much time outdoors as possible.

Toddler Room

April has been a water-filled month! We have explored all that water can help us do, not only do we drink it to grow big and strong, but we can play with it. Adding tissue paper to the windows with water has worked our fine-motor skills, but also created some beautiful artwork. On a hot, sunny day we have splashed with some ocean toys in the great outdoors.

Preschool Class

This past month was filled with so much fun. Our preschoolers went on a field trip to spread some Easter love to the local community, and we are starting to see some progress in our outdoor garden! Students celebrated Earth day with continued work in our worm farm, as well as exploring water painting. We are excited to gear up for the summer and see if we can enjoy many more warm weather days.
